TRADE OF THE UNITED STATES

The foreign trade of the United States in the fiscal year which ends 90 days hence, will show remarkable activity on the part of our manufacturers, their im-ports of raw materials having doubled as compared with last year, while their exports of finished manufactures also show large gains. Details of the latest trade figures, those of the month of Pebruary, just received, says a state-ment by The National City Bank of New York, indicate that our exports of man-York, indicate that our exports of manufactures in the fiscal year which ends
June 30, 1920, will exceed those of 1913
by a quarter of a billion dollars, and
that practically all of this increase occurs in finished manufactures. Another
evidence of the activity of the manufacturers is found in the fact that the value
